

# Example data

## Vegetation data

1. [Alpine plant communities in Aravo, France \(Choler 2005, Dray et al. 2014\)](#)
2. [Barley field weed community dataset \(Pyšek & Lepš\)](#)
3. [Barro Colorado Island forest permanent plot dataset \(Condit et al.\)](#)
4. [Bryce Canyon dataset \(Dave Roberts\)](#)
5. [Carpathians wetlands dataset \(Hájek, Hekera & Hájková\)](#)
6. [Danube meadow dataset \(Ellenberg 1956, Mueller-Dombois & Ellenberg 1974\)](#)
7. [Dune meadow dataset \(Jongman et al. 1995 from Batterink & Wijffels 1983\)](#)
8. [Gentry's forest transects \(Alwin H. Gentry\)](#)
9. [Nanjenshan forest permanent plot \(Sun & Hsieh\) 🔒](#)
10. [Ohrozeni dataset - experimental data from wet meadow \(Jan Šuspa Lepš\)](#)
11. [Seedlings dataset - experiment with randomized complete blocks \(Špačková & Lepš\)](#)
12. [Taiwan GBIF data \(Liao & Chen\) 🔒](#)
13. [Taiwan forest - 10 1-ha plots \(Zelený & Li, unpublished\)](#)
14. [Třebíč grasslands dataset \(David Zelený\)](#)
15. [Vltava river valley dataset \(David Zelený\)](#)

## Zoological data

1. [Bird communities along elevation gradient in Yushan region, Taiwan \(Ding\)](#)
2. [Carabid beetles dataset from boreal forest in Finland \(Niemelä et al.\)](#)
3. [Carabid beetles from Canada \(Bergeron, Blanchet\)](#)
4. [Coral reefs dataset, Indonesia \(Warwick, Anderson\)](#)
5. [Doubs river fish dataset \(Verneaux\)](#)
6. [Molluscs in spring-fens \(molluscs, vegetation and water chemistry\) \(Horsák & Hájek\)](#)
7. [Oribatid mite dataset \(Borcard et al.\)](#)

## Simulated data

1. [Simulated ecological data \(Minchin 1987, Fridley et al. 2007\)](#)
2. [Spatially structured simulated community data \(Smith & Lundholm 2010\)](#)

## Other

1. [Cookies vs pastries vs pizza \(everest4ever\)](#)
2. [Normal pig](#)
3. [Rothkopf's experiment with Morse codes \(Rothkopf\)](#)
